SENIOR INDEX

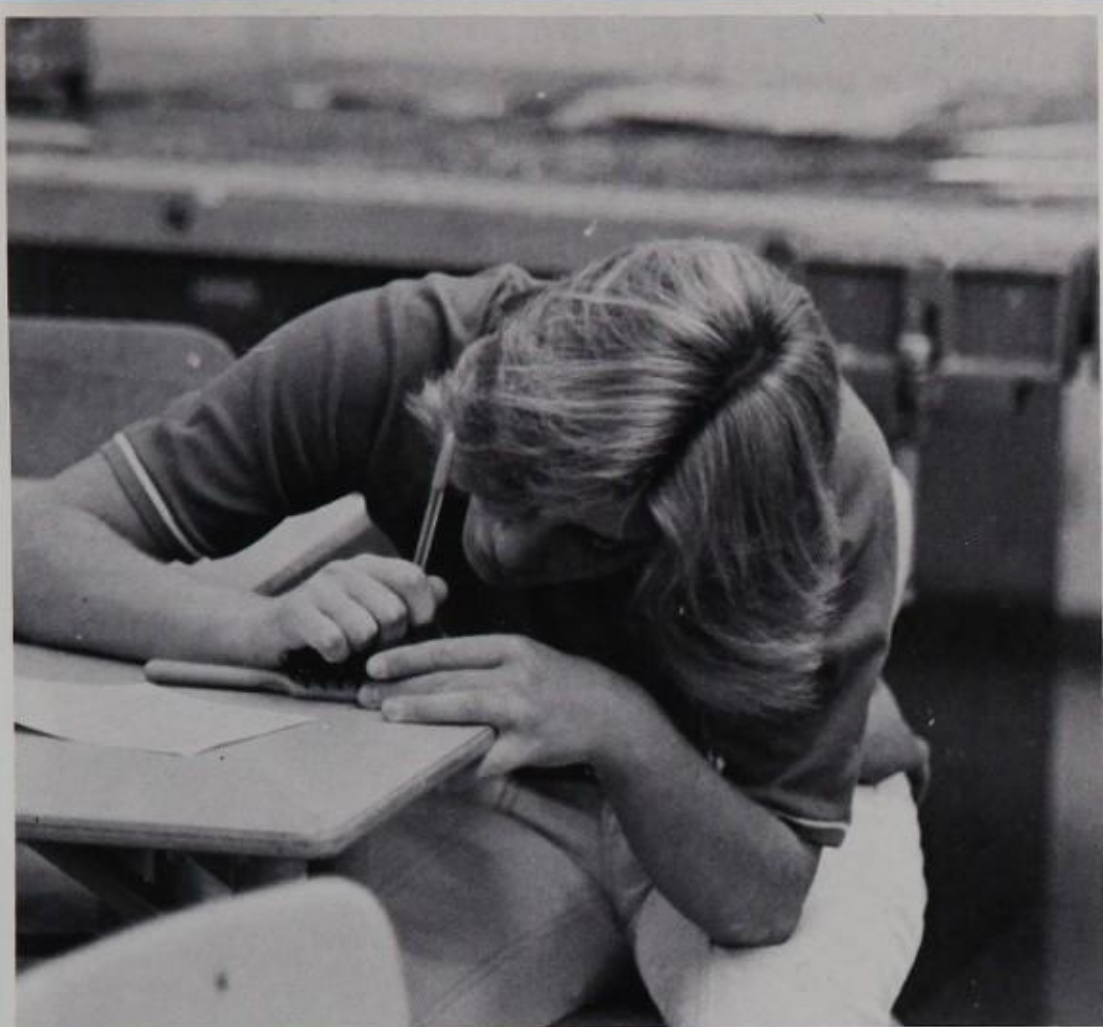

We are ever changing, learning and growing
 Gliding across an ancient universe
 Filled with the infinite questions of existence
 We search
 Stepping into tomorrow
 Hoping to leave a tiny imprint of what we'll be in the future

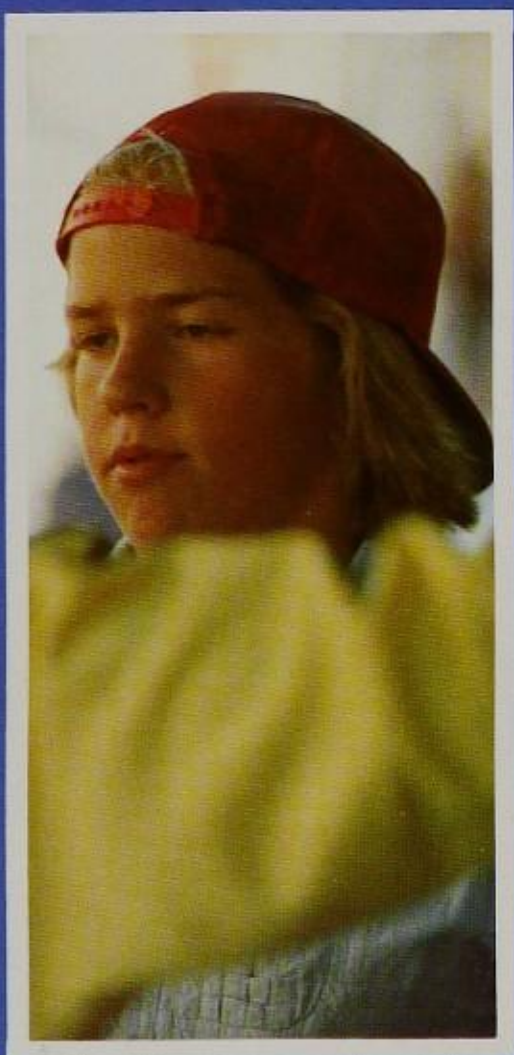

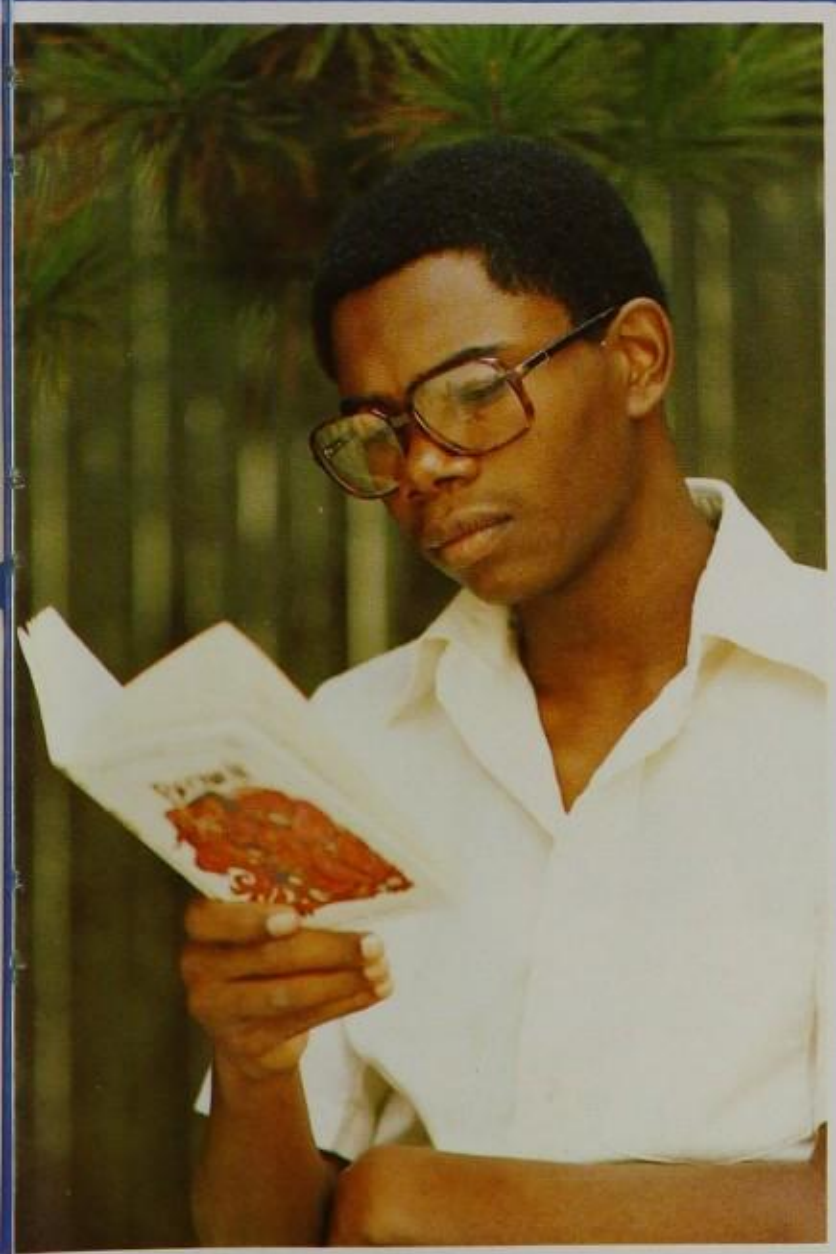

We are born today
 Yet we die tomorrow
 Only fleetingly able to enrich the world with our love and
 our courage
 Wise men make mistakes
 Fools only repeat them
 It has been said.

Steve - I tell
 How can I tell
 you how strange it will
 be. I can't even imagine how
 your future will form for you.
 But, it will make form. Have lots
 of kids and marry a Jewish
 girl. Good luck in the world of
 the world. You want to work on
 a universal level. I can see. However, it is
 important that you don't forget your roots
 they may be said but they will always
 serve as an influence on you. By the
 way a happy present. Bye
 from your friend
 from Santa

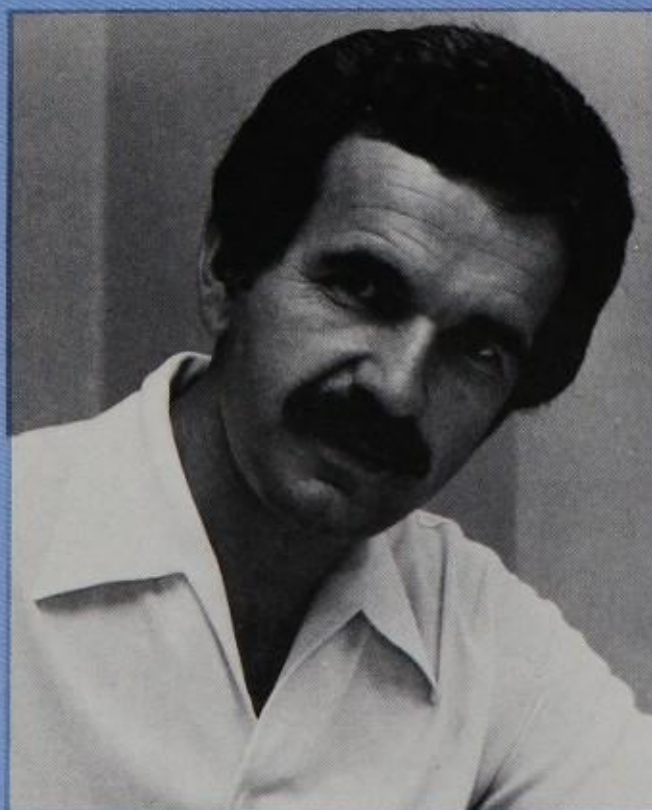

Let it be known that we are here!
 Shaping and polishing our destinies
 As well as those of others
 We forever reach into the empty
 Shadows that give us the room to grow and
 To expand with each new dawn

Katy,
I will
probably
always forget
to show
my brother
your puzzle.
Maybe I
will. I
still have
it. Oh
well.
I hope
you have
fun at the
college of
your choice.
Who knows,
you may
make it
Good luck,

To Steve,
It was my pleasure
enjoying the pain and agony
of this track season 78 with
you, and also sweating out the
stress and strains of our Senior year.
I wish you mounds of luck in your future.
So keep it up and go the "distance" summer.
Former Track-Mate 78

The end has come and
at last I can get rid of
you! If you go to college,
may you pass, but with
a lot of good grades and
honors. Diplomacy is a good game
but get into D.O. Don't burn
over the summer, Stay

SOCCER

One can describe the Fairfax Soccer Team of 1977-78 in a single word: awesome. In one of the toughest sport in the world, Fairfax has gained recognition as a soccer power by winning the City Championship. The team, composed mostly of members of last year's team, had an overall record of 11 wins, 1 loss, and 1 tie going into the playoffs. As it turned out, they had to face their archrivals, The Venice Gondeliers, in the City finals. On that eventful day, the Lions played with much determination and enthusiasm, and shut out the Gondos, 3-0, with goals by Andy Prince and Benito Delgado.

The season's top scorers in the team included Andy Prince, Jose Vasquez, Igor Beyder, and Fernando Torres.

Next year looks bright for the team. Even though coach White would not be around to coach, everybody is confident that the team will show strongly next season. With the exception of four players, everybody would be returning and trying to capture the championships again.

The tradition continues on at Fairfax as the lion gymnasts start a new season. If the season holds true as the others, they will retain their East Valley League Championship crown for the ninth time in a row. This year, the lion gymnasts are just as strong as before if not stronger. Also this year, they're ranked #1 in city. It is almost certain that they will be in city finals for the fourth year in a row. For this year, the top gymnast for all-round are as follows: Vartan Ichlokmanian, Edwin Alvarado and Louis Thomas. Excellent support comes by way of some quality juniors: Dameon Pierce, Joe Jackson and Victor Castillo. An outstanding group of sophomores in history of the school has arrived. The Lion stars of the future are: Larry Charles, John Au-Young, Titi Mataalii, Rajeeva Rajapakse, Sung Park, and Wayne Stein.

TALENT SHOW 1978

May god bless and keep us always
may our wishes all come true
may we always do for others
and let others do for us
may we build a ladder to the stars
and climb out on our own
and may we stay forever young
may we grow up to be righteous
may we grow up to be true
may we always know the truth
and see the light surrounding us
may we always be courageous
stand upright and be strong
and may we stay forever young
may our hands always be busy
may our feet always be swift
may we have a strong foundation
may our hearts always be joyful
and our song always be sung
and may we stay forever young

SCAPINO THE KING

There was a pretty queen
who met a handsome king
they met at the castle throne
where they began their fling
as the days continued on
the affair began to die
leaving the king on the throne
the queen began to cry
the queen loved the king
but the king played games
the queen had many questions
but the answers never came
soon the queen kicked back
and observed the king grow big and strong
the king had changed considerably
into one very big king kong
in June, both will leave the castle
to be alone and free
maybe the king will realize
that this way,
it was never meant to be.

By The Queen

Is it a lie, is it a shame
is it a crime, is it a game
for me to tell my feelings to you
should I be open, should I be shut
should I think about it or should I not
about my feelings for you, am I right
am I wrong, is there love, can love be
strong, I want to express my feelings
to you, superficial people are everywhere
game playing by everyone, there is a
relevant strain, my eyes just hurt my
brain, most of all people get destroyed
by parental binds and insecure joys
the drub scene and the pressures
obsolete cop outs are not the answer
today you're the king, tomorrow you're
the clown, does life without love mean
anything, take a hard look around
is the color of ones skin the color of
ones soul, I'm deep in thought about
what I say, when will our attitude change
the day, life's joyous ups, lifes depres-
sing downs, go climb your dream, take a
look around, try to be the best person,
then you'll be a man, finding the people
you like in life is like trying to cut
an ego with a blade of a knife, they come
few and far, but when they come
appreciate them fully, for they soon may
be gone, it's the attitude I tell you,
the attitude my friends, without that
positive attitude, it's the beginning
of the end.

By Larry Fiske

They came in pairs and walked the
winding road until the path they
traveled became to narrow.
No room to grow, no where to go.
I watched them fade as I moved on,
down the road of life . . . for I have
walked alone.

GRADUATION: JUNE 21, 1978

Pure excitement describes my term as Senior Class President. Everyday provided a new opportunity to work with my classmates and to meet new people. My semester was filled with duties such as planning dances, choosing a prom site, and organizing homecoming. All in all, it was an enjoyable experience. Good luck everyone, and see you at the ten year reunion.

Genesis, our years at Fairfax have been a solid foundation for our ascent into society. Fairfax, a microcosim of our nation, is an environment reflective of today's society. It has provided the forum for people of various backgrounds to interact. Our presence in this environment has helped our individuality to surface and our goals and objectives to come into focus. Our actions now become even more significant in their future manifestations. So, when thinking of all the things we could and should have done in high school, we can learn from these mistakes.

In retrospect, do not just think of our class (Genesis) as the "class of '78", but rather as the class to remember "always and forever."

SPRING COUNCIL

Having had the opportunity to serve as Student Body President, I was able to share all of my wonderful experiences with my fellow students. The leadership experiences I have encountered offered a chance for me to convey my feelings on various topics that concerned our school, with other students and other schools. Fairfax High School has been a fascinating place to mature and grow with different students from all kinds of backgrounds.

Sincerely,

Kyla Lynn Deif

Fall Student Body President

It has been a truly satisfying experience to see the efforts of the students, administration, and faculty working together as a team. Cooperation has been the key ingredient in a successful multi-cultural experience. During my term, I was given the opportunity to immerse myself in the responsibilities of being president. Along with these responsibilities came the enjoyment of communicating with my peers and establishing a good report among the student body.

I'm glad that we both took PLATT'S AE vs H. story case last year. If we didn't, we probably would not have met each other. Thanks but we both met! you have made the second half of high school seem like a Utopia. your cute laugh, your smiling face, your excellent forehead, your A's and 3's on Platt letter, your big brown-eyed point when you were down, the 1st Dodge year and June 18, Disneyland, all of our dates, your sense of humor, your wonderful family, Wilshire Blvd. Leavers, the helicopter before and most important by you - I will always cherish all of these great memories. I really hope to come. I hope the heart cases will be just amazing and as normal as the rest.

Uccar,
My friend, I hate to do it
But our friendship just can't
last
The times we shared together,
Have faded to the past.
I told you it would happen;
Our friendship was bound to end.
Although I know you care,
I don't consider you a friend.
Please don't try to argue,
Nor try to understand, that
time can change a people as
the tide can change the sand.
Our friendship has been lovely,
But you see it has to end,
For I look at you in a different
way.
I've fallen deeply in love with
you, my friend.

Barbican

Robin,
May the future hold for you all the

much as the past has held love between

Don, you're wonderful. Thanks for everything!

Dear Teri, (Uncle) (J.K. SNEED)

What can I say? I really wish you were graduating with me this semester but I know you'll only be one semester behind and the time will go quickly! Your years together - are ones I always cherish, for the time I had with you cannot be replaced by anyone. Thanks for being around throughout the hard times and for letting me see the bright side to common sense and things. By the time you read this we will either be 100% crazy or common sense for an on our mental stability. Above all the fun and corruption... we've never been caught... (right now?) (Remember Flies, Eggs, sometimes T.P., Chicago, Dirty Neasly's, Wally, Garry, Dan, you, (SNEED) and all the other great times we've shared. Thanks for 13 years of a beautiful friendship. Darkest life?!
 "What is a friend? I will tell you. It is a person with whom you share to be yourself. Your soul can be naked with him. He asks you to be nothing, only to be what you are. He does not want you to be better or worse, when you are with him you feel as a person feels who has been completely interested in you. He does not have to be against you, but you think he is, long as it is generally you. He understands those contradictions in your nature and assures others to his glory, with him you breathe freely. You can give your little virtues and make him hate and bless, sadness, pain, disappointments and assuredness and hate and loving from up to him, they are lost, dissolved on the white ocean of his loyalty. He understands, you do not have to be careful, you can have him, reject him, love him. Best of all, you may keep still with him, it links up the line, to the end."

THANK YOU FOR GIVING ME THE
BEST OF YOUR TIME, YOUR
SMILE, YOUR TENDER WORDS, YOUR WARMING
